OUR SERVICE

Corporate & Industrial Security Services

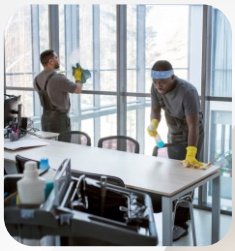

Corporate and industrial security services provide protection to businesses and industries against potential threats, such as theft, vandalism, and unauthorized access. Here are some common types of security services:

1. *Physical security: This involves the use of security guards, access control systems, and surveillance cameras to monitor and control access to a building or facility.*

2. *Risk assessment: This involves identifying potential security threats and vulnerabilities and developing strategies to mitigate those risks.*

3. *Verification: This involves conducting background checks on employees, vendors, and other individuals who have access to a company's facilities or information.*

4. *Executive protection: This involves providing security services to high-level executives, including personal protection and secure transportation.*

House Keeping

Housekeeping services typically involve cleaning and maintaining a residential or commercial property. :

1. General cleaning: This includes dusting, vacuuming, mopping, and cleaning surfaces such as countertops, sinks, and toilets.

2. Deep cleaning: This involves a more thorough cleaning of your property, including cleaning windows, scrubbing floors, and cleaning appliances.

3. Laundry and ironing: Some housekeeping companies offer laundry and ironing services, which can include washing, folding, and ironing clothes and linens.

4. Organizing: Housekeeping services may also include organizing items in your home or office, such as closets, cabinets, and drawers.

5. Special cleaning services: VN Management Services offer specialized cleaning services such as carpet cleaning, upholstery cleaning, and window cleaning.

PSARA License Consultant

According to the Maharashtra Private Security Agencies (Regulation) Rules, 2017, PSARA or Private Security Agency License of Maharashtra State when any individual or Company provide security services in the Maharashtra State. A Private Security Service License need to be applied on a state basis that means for each state in India Private Security Agency is required to apply separately. PSARA License in Maharashtra is a mandatory requirement for conducting Security Business in Maharashtra. Getting PSARA License in Maharashtra is not easy for all Private Security Agencies in Maharashtra;VN Management Services will help you to obtain PSARA License in Maharashtra without any hassle. Without this License you cannot run a Private Security Agency in Maharashtra.

License of Maharashtra State : PSA/L/56/MH/2023/JUN/3/3184

Training

Training can be an effective way to improve your skills and knowledge in a particular area. Here are some common types of training:

1. On-the-job training: This involves learning while working, either through observation or hands-on experience. It is often used to train employees in new skills or to introduce them to new tasks.

2. Classroom training: This involves attending a structured training program in a classroom setting. It can be used to teach a wide range of skills and knowledge, from technical skills to soft skills like communication and leadership.

3. Online training: This involves completing a training program online, either through a self-paced course or a live instructor-led course. It can be a convenient and cost-effective way to learn new skills.

4. Mentoring: This involves working with a more experienced person who can provide guidance and support as you learn new skills like Self Defence, Basic of Martial arts. It is often used to develop leadership skills or to help employees progress in their careers.
